

Department of Zoology

Lecture on

“Anti-Aging interventions: Relevance to humans”

Prof. S.I. Rizvi, Department of Biochemistry, University of Allahabad

(October 25, 2018)

Department of Zoology, organized a lecture entitled “**Anti-Aging interventions: Relevance to humans**” delivered by Prof. S.I. Rizvi, Department of Biochemistry, University of Allahabad. In his lecture Prof Rizvi explicated the different aspects of ageing, theories and mechanisms involved in the process of ageing in a very informative manner. He also proposed the interventions to delay onset of ageing. On this event Dr. Lalima Singh, Principal of the College, Dr. Archana Jyoti (Coordinator, Faculty of Science), faculty members from the Department of Zoology, Dr. Archana Yadav, Dr. Shubhra Malviya, Dr. Sippy Singh and Dr. Sarita Agrawal were also present. Faculty members from other departments also attended the same.
