

Interdisciplinary activities organized under the DBT Star college scheme with no financial assistance

Activity one

	S.S. Khanna Girls' Degree College (A Constituent College of University of Allahabad) Awarded "A" Grade by NAAC	
Celebration of National Pollution Control Day 02 December 2022		
Objectives <ul style="list-style-type: none">To make participants aware about the many ways in which one can manage and control industrial disaster.Encouraging participants to be aware about how they can avoid pollution caused due to industrial processes or human negligence and think innovative solutions for pollution free environment.Raise awareness towards the cause of pollution, and to remind participants about the different ways to reduce pollution.	Student Seminar Express yourself Brain Storming session & Idea Presentation Organized by Department of Chemistry, Botany & Zoology under Strengthening component of DBT Satr College Scheme 05/12/2022 (10:00 am -11:30am Venue: Lecture hall (B-26) The competition consists of two levels Level - 1: Submission of PPT File Level - 2: Presentation	
	E-Certificates to all the participants Event Coordinators Dr. Anuradha Singh, Dr. Alok Malviya, Dr. A. Rahman Dr. Swastika Singh, Dr. Shabnam Parveen Dr. Sarita Agrawal Dr. Durgesh Singh	

SSK Innovation Cell, ECO Club and Saroj Lal ji Mehrotra Science faculty under Strengthening component of DBT Satr College Scheme jointly celebrated the National Pollution control Day on 05 December, 2022. The purpose of this event was to make students aware and encourage about how they can avoid pollution caused due to industrial processes or human negligence and think of innovative solutions for a pollution-free environment. The event was inaugurated with the message of the Principal, Prof Lalima Singh in which she stressed the need for everyone to respect the environment and to maintain it for the next generations to come. She said that in present day students are well aware of the role they have to play in protecting the environment and their role should never be underestimated. The program was coordinated by Dr. Anuradha Singh. She gave a brief outline about the program and its need to be conducted. Dr. Alok Malviya, Dr. A. Rahman, Dr. Swastika Singh, Dr. Shivam Misra, Dr. Sippy Singh and Dr. Meena Chaturvedi was invited as the Resource person. Dr. Alok Malviya delivered a very illustrative talk on "How to use plastic". Dr. A. Rahman very nicely explained the side effects of sunscreen lotion and modern lifestyle on nature. Dr. Meena Chaturvedi correlated environmental values with recent requirements. Dr Shivam Mishra gave very interesting tips for energy conservation in our daily life. Dr Swastika Singh explained the various causes of Acid rain. More than 75 students participated enthusiastically in the brainstorming and idea presentation session, also shared their views on Ozone layer depletion, Global warming, Acid rain, use of plastic and energy conservation to save the environment.

Internship coordinator
Members
Dr. Shraddha Rai
Dr. Priyanka Gupta,
Ms. Meenakshi Srivastava
Dr. Shruti Anand
Ms. Mohini Shukla
Dr. Preeti Yadav
Dr. Soumya Krishna
Dr. Mamta Bhatnagar
Ms. Riya Sinha
Dr. Swastika Singh
Dr. Sarita Agrawal
Dr. Durgesh Singh
Mr. Anuj Pandey
Dr. Jyoti Kanojia
All members of Eco club

Objectives

The National Energy Conservation Day is being celebrated every year on December 14th since 1991. The objective is to drive mass awareness about the importance of energy efficiency and conservation.

Theme

- India's contribution to energy conservation
- Innovative steps taken towards becoming an energy-efficient nation
- Global warming
- Climate change
- Efforts towards saving energy resources.

Instructions

- Idea may be present in poster format.
- The posters should be made on an A4 size paper only. Any colouring medium is allowed.
- Digital editing of poster is not permitted.
- Certificate will be given to all participants.

Activity coordinators

Dr. Anuradha Singh
(Convener, SSKIIC)
Dr. Richa Tandan
Dr. A. Rahman

Mr. Shivam Mishra

Venue: Conference Hall; Time: 11:30 pm onwards

In India, National Energy Conservation Day is observed every year on 14th December to raise awareness about the significance of energy and the need to conserve energy by using less energy. On the occasion of World Energy Conservation Day, 2022, SSK Innovation Cell and Saroj Lal ji Mehrotra Science faculty under Strengthening component of DBT Satr College Scheme jointly organized a Guest lecture & Idea Presentation on the theme. The event was inaugurated with the message of the Vice president of SSK IIC, Dr. Manjari Shukla in which she stressed the need for everyone to respect the environment and to maintain it for the next generations to come. She said that in the present day, students are well aware of the role they have to play in protecting the environment and its role should never be underestimated. The program is divided in two parts.

Session I was based on the guest lecture delivered by Prof N B Singh, Department of Botany, University of Allahabad. In his motivational speech, he emphasized the importance of trees to protecting the environment and energy. He told the students simple ways to conserve energy. He said that in present times, students are well aware of their role in protecting the environment and their role should never be underestimated. Prof NB Singh also distributed plant saplings to faculty members, The program was conducted by Dr. Anuradha Singh, Dr. Richa Tandon and Dr. A.K. Rahman did. Dr Preeti Singh presented the memento to the guest speaker and Dr Alok Malviya extended the vote of thanks. More than 150 students enthusiastically participated in the brainstorming and idea presentation session and shared their ideas in the form of slogans on energy conservation to save the environment.

Session II: Idea presentation

Over 175 students participated in the event and among them, 15 presented their ideas depicting simple everyday measures through elocution to conserve energy.

Activity three

S.S. Khanna Girls' Degree College
(A Constituent College of University of Allahabad)
Awarded "A" Grade by NAAC; College with Potential for Excellence (CPE, Phase II):UGC
Selected Under Strengthening Component of Star College Scheme: DBT
Selected Under CURIE Scheme: DST

IIC Driven Activity

Workshop on Entrepreneurship Skill, Attitude and Behavior Development

organized by
Saroj Lalji Mehrotra Science Faculty
In Association with
Mahindra PRIDE CLASSROOM
22/11/2022 - 01/12/2022
Time: 12:30 pm to 3:30 pm

Objectives

- ❖ Develop an identity and improve their self-esteem
- ❖ Manage emotions and overcome obstacles
- ❖ Build relationships and polish their interpersonal skills
- ❖ Enhance and improve their employability skills
- ❖ Improve personal and professional effectiveness

Outcomes

The life skills component of the workshop has helped to transform the learners into confident determined goal-oriented youth, personality shift essential for them to pursue successful careers in the sectors of their choice.

Theme

- ✓ LIFE SKILLS - compassion, respect, gratitude, being a responsible global citizen
- ✓ SOFT SKILLS - grooming, body language, teamwork, time management, social manners, etc.
- ✓ COMMUNICATION SKILLS - functional English and the ability to express themselves clearly in the local language
- ✓ PRESENTATION SKILLS - speaking clearly, coherently and confidently
- ✓ INTERVIEW SKILLS - resume preparation, interview questions, mock interviews

Clear Communication

Listening Skills

Self-Control

Positive attitude

Assertiveness

Conflict Resolution

Empathy

Depersonalization

Taking Responsibility

A sense of humor

Who can join
Only final year students of the college are eligible to join the workshop
