K. Testimonials from IIC members and external about IIC institute and IIC of MoE's Innovation Cell

In our institution, IIC enables innovation and problem-solving in a sustainable, collective and efficient way, which upholds and advances the vision of the founding fathers of the college. The IIC will bring real change in terms of creating an awareness in the young women of shaping their career differently where they are not just job-seekers but also job-creator.

With best wishes

(Vice President, IIC-SSK, Dr. Manjari Shukla)

The IIC is a proud addition to the already flourishing college and will prove instrumental in bringing about the empowerment that the college envisions for the women students. I am sure in the next couple of years this will bring in sweeping changes in the mindset of the students and enable them to imagine and shape their future in an exemplary manner.

(Convener, IIC-SSK, Dr. Anuradha Singh)

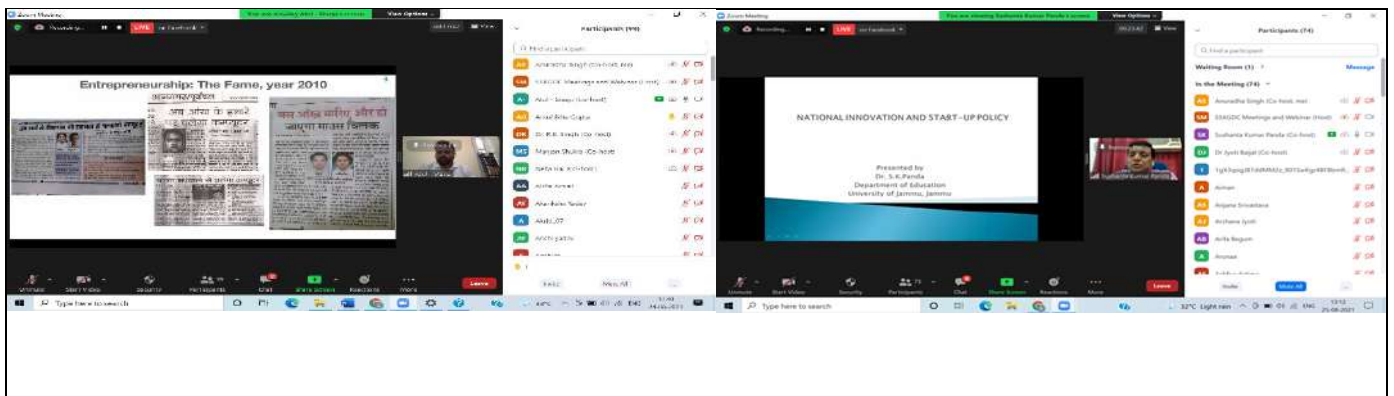

The IIC is a great initiative by the government for HEIs, especially in the context of our college where women need to translate their educational attainments into economic accomplishments.

(Member, Dr. Riya Mukherjee)

The IIC encourage, motivate and nurture young students like us by supporting us to work with new ideas and develop better cognitive ability. It changes our way of thinking of employment and career goals.
