SADANLAL SANWALDAS KHANNA GIRLS' DEGREE COLLEGE, PRAYAGRAJ

(1st April 2021 to 31st March 2022)

1. Introduction:

OUR VISION:

To help the girl students discover their innate potentials and promote them towards their personal and social benefits. The college believes in and teaches the philosophy of UBUNTU, which simply translated means, "I am because We are" 'How can one be happy when the others are sad?' Let all of us always have this attitude and spread happiness wherever we go. Let's have a "UBUNTU" Life.....

OUR MISSION:

- To provide quality education for all round development of the students to make them better citizen.
- To provide monetary support for the education of girls belonging to the lower and middle sections of society as well as minority classes.
- The realization & achievement of their goals.
- To make the girls students independent & self-reliant.
- To undertake future courses and training programmes in order to make them economically independent

It is our firm conviction that education is vital to women's equality, empowerment and all round growth and development. Our founders Late Mr. S. N. Kakkar, Prof. D.D. Khanna and Mr. Ashok Mohiley were committed to girls' education. They founded the S.S. Khanna Girls' Degree College to impart quality education to girls' from economically and socially backward sections of society. The college starting with humble beginning in 1975 and today is a premier constituent college of the University of Allahabad. The college has five faculties: Arts, Science, Commerce, B.Ed. and Legal Studies.

In 2016 during the XIIth Plan period, the University Grants Commission conferred the college status of "College with Potential for Excellence (CPE-Phase II)". At present the college runs professional courses in Office Management and Secretarial Practices, Computer 'O' Level and One Year Diploma course in Biotechnology. Looking into the interest and skill development of girl students, the college has also started Diploma in Fashion Designing (UGC Approved) in 2020.

In order to enhance the teaching- learning process the college has provision of smart classrooms, high speed internet connectivity and well equipped air conditioned library with Delnet facility. In 2019, the college has been selected under strengthening component of Star College Scheme (DBT). In 2020 during the 3rd Cycle of Accreditation by National Assessment and Accreditation Council, the college has been again accredited with 'A' Grade (CGPA of 3.09 on four point scale).

In the session 2020-21, under the guidelines of the Innovation Cell, Ministry of Education (MIC), Institution's Innovation Council (IIC) has been constructed, to systematically foster the culture of innovation and start-up ecosystem in the college. Institution's Innovation Council, SS Khanna Girl's Degree College (IIC-SSK) has been rated with 3.5 stars out of 4 by the Ministry of Education's Innovation Cell, AICTE at the IIC Annual Performance report 2020-21.

In February 2022, college has registered itself for *Vidyanjali* -he scheme. The college has also added another feather in its cap of academic and research credentials in the year 2022. The College has been sanctioned DST- CURIE grant by the Ministry of Science & Technology, Government of India. Under the Scheme, "Consolidation of University Research for Innovation and Excellence in Women Universities (CURIE)" of the Department of Science & Technology (DST), Government of India, three departments of the college Chemistry, Botany and Zoology will receive research funding from DST.

The five-year tenure of "College with Potential for Excellence (CPE-Phase II)" has been completed in March 2022.

A Feature Article "ICT for Quality Education in India"

May 2020 Issue of **Science Reporter** published by NISCAIR, CSIR.

FEATURE ARTICLE

ICT for Quality Education in India

A.K. Bakhshi & Vimal Rath

What is Information and Communication Technology (ICT)?

ICT, if used creatively, can make a big difference in the way teachers teach and students learn and can help students acquire 21st century skills like digital literacy, innovative and critical thinking, creativity, sound reasoning and effective communication.

What are MOOCs?

MOOCs are also a form of e-learning that is a very structured course. "MOOC" is an acronym for Massive Open Online Course. The word "MOOC" was coined in 2008 by David Cormier. "MOOC" is an acronym where "M" stands for massive, "O" for open i.e. no qualifications are required for enrolment in a MOOC and where you are to obtain grade/certificate. "O" for online, as the content is available online and can be accessed through web, and "C" for course having specific learning outcomes.

Structure of a MOOC

In a MOOC, a course is structured as a series of modules. The course developed under eP@th/Pathshala project MOOC corresponding to a unit contains 10-40 content modules having a total of content and 20 hours of non-video content modules are arranged in a very systematic and are covered in 10-15 weeks. The first week learning module might work in a very week, work may be finished and appear with week 10 in revision and assessment and
