Publication Process

The policy established with the aim to publish and circulate quality research articles from various subjects. The publication process is consisting with the following steps.

- All manuscripts submitted will be checked for plagiarism with the help of Plagiarism Detection Software.
- Primary quality will be checked by the Editor.
- The manuscript will be sent for review.
- The peer reviewers check the manuscript for accuracy and assess the validity of the research methodology and procedures. If appropriate, they suggest revisions. If they find the article lacking in scholarly validity and rigor, they reject it.
- The decision about the time of publication will be taken by the Editor in consultation with the editorial board. Editor is responsible for the decision to reject or recommend the manuscript for publication. Decisions can be three types like accepted without revision, resubmit with major/minor revisions or rejected.

No Publication fee is charged from the contributors.

ANVEEKSHA RESEARCH JOURNAL OF SSKGDC Guideline for Reviewers

Respected Peer Reviewer,

The purpose of peer review is to improve the quality of the manuscript under review and of the material that is eventually published. We strive to ensure that peer review is fair, unbiased and timely. Decisions to accept or reject a manuscript for publication are based on the manuscript's importance, originality and clarity. Reviewer's evaluation will play a major role in our decision as to whether to accept a manuscript for publication. Please provide an overall recommendation for the publication of the paper based on the following parameters :

Accepted in Present Form :

Accept after Minor Revisions :

Reconsider after Major Revisions :

Reject :
