## **ABOUT THE WEBINAR**

The National Education Policy (NEP) 2020 is aimed at transforming India's education system into a modern, progressive and equitable one. The new policy focuses on improving poor literacy and numeracy outcomes associated with primary schools, reducing dropout levels in middle and secondary schools and introducing the multi-disciplinary approach in the higher education system. Besides, the policy also lays emphasis on early childhood education, restructuring curriculum and pedagogy, reforming the examination process and investing in teacher training. Although the NEP 2020 aims to bring a holistic change in the education system of India, there are substantial challenges, both quantitative and qualitative, in implementing the reforms.

As per direction of UGC letter No. D.O. No.1-1/2020 (Secy.) dated 27.10.2020, to discuss and deliberate upon issues related to the implementation of NEP 2020 with special reference to higher education, the college is organizing a one-day National webinar on "Implementation of National Education Policy 2020: Challenges & Opportunities", on Tuesday 10 November, 2020.
