FROM THE DESK OF THE PRINCIPAL

Dear Students,

“EDUCATION is the key to unlock the world, a passport to freedom”.

I wholeheartedly agree with the profound words of Oprah Winfrey, emphasizing the transformative power of education. As an institution, we strive to not only impart knowledge but also instill golden values of empathy and social responsibility in students by way of education. A professional code of ethics outlines behaviour of the teachers towards students. Each one of us should promote Safety, Security and Acceptance avoiding hostility, dishonesty or offensive conduct.

Our guiding principle is encapsulated in the Sanskrit motto “Ano bhadrah kratvo yantu vishvatah” meaning “Let the noble thoughts come to us from every side” and enrich our life as well as students’ life academically and socially. By embracing these values and principles, we aim to create a holistic learning environment that empowers students to thrive academically, socially, and personally.

Masti Ki Pathshala Report -2025

Dr. Madhu Tandon B.Ed. Faculty organized a one-day event “A Cultural and Art Youth Festival: Masti ki Pathshala 2025” on the Theme: “Ek Bharat, Shreshtha Bharat” on 18th March. The festival has been successfully organized thrice by the institution since 2020. The festival consists of many events for the participants to hone their skills. The event “Masti Ki Pathshala” was conceived as a vibrant cultural and educational festival aimed at fostering unity in diversity through various artistic and academic competitions. The event provided a platform for students to showcase their talents, engage in meaningful activities, and celebrate India's rich cultural heritage. This year also, pupil teachers participated in the events with full enthusiasm. The inaugural ceremony featured a traditional lamp lighting, Sarswati Vandana and a welcome address by the Dr. Shalini Rastogi. Chief guest, Principal Prof. Lalima Singh inaugurated the session. She gave an insightful speech and encouraged the students to have Masti and learn together, rather than competing with each other in joyful manner. The event attracted a large number of participants and spectators, creating a vibrant and festive atmosphere on the college campus.

The festival features a series of competitions including video making, face painting, debate, just a Minute (JAM), Kshanikayein, Lokgeet, and drama. Winners were given first, second and third prizes related to each event. Prize Distribution Ceremony commenced with the lighting of lamps by Prof. Manjari Shukla and she welcomed the Chief guest, Professor Dhananjai Yadav, (Head) Department of Education University of Allahabad. The program concluded with a vote of thanks delivered by Prof. Manjari Shukla. Overall winner of “Masti Ki Pathshala” was SSKGDC and it was a resounding success, achieving its objectives of promoting cultural diversity, encouraging creativity, and enhancing students' skills.

S. S. Khanna Girls' Degree College,
Prayagraj**Are you managing digital footprints prudently?**

Digital footprint is one of the major issues and challenges regarding safety and security in the digital world. It is also known as digital shadow or electronic footprint, digital footprint is the information about a particular person that exists on the internet as a result of his/her online activity. Mainly there are two types of digital footprints- active digital footprints include social media posts, online comments, sharing of photos and videos on social media, sharing location, login on several devices, filling online forms, accepting cookies etc. While passive digital footprints include sharing of passwords, account details, tax records, medical records, browsing history, heavily visited websites etc. Now the question is why should we become aware of our digital activities and what are its side effects? According to the report on 'Cyber Threats Targeting the Global Education Sector on the Rise' 2021, India emerges as a prime target for threat actors, out of the total threats detected in Asia & Pacific, 58% of them were targeted at Indian or India-based educational institutions and online platforms. Children from preschool stage to higher education are using technology frequently, likewise older people even retired professionals are active in cyber world to accomplish their day to day task and for entertainment as well. They must take care of safety guidelines to be followed in digital world, because they may be well educated but not aware of proper handling of technology.

Digital footprints have both positive and negative implications. Where it helps in influencing our online identity and reputation, assists in enhancing social connections by connecting users with similar interests, helps in improving learning experiences, contributes in health and wellness monitoring through fitness tracking apps and devices etc. However if we don't wisely manage our digital footprint it may have the following negative implications such as cyber bullying, online harassment, identity theft, phishing, cyber grooming, hacking, digital arrest, misuse of personal information, monetary frauds etc.

By minimizing our digital footprints we can avoid its' negative implications. While we are active in digital world we should follow all the safety features like – avoid revealing too much of your personal information on social media, manage your private settings very carefully, use strong and unique passwords, enable two-factor authentication, use private browsing mode, avoid making login on several devices, avoid using free and public networks, limit location sharing, regular update software, avoid opening unknown e-mail attachments etc. Besides these measures legal help also can be availed. To report suspected fraud communication received through call/SMS/Whats App visit www.sancharsathi.gov.in and to report any cybercrime incident call 1930 or visit www.cybercrime.gov.in. Hence, through prudent management of our digital footprints we can enjoy our safety and privacy in this digital world which has become an inevitable part of our lives.

Salient Features of Waqf (Amendment) Act, 2025

The Waqf (Amendment) Act, 2025 amends the Waqf Act, 1995, allowing the government to regulate Waqf properties and settle related disputes. It aims to improve Waqf board efficiency, update Waqf definitions, streamline registration, and boost use of technology in record management. Waqf refers to an endowment made by a Muslim for charitable or religious purposes, such as building mosques, schools, hospitals, or other public institutions. It is inalienable i.e., it cannot be sold, gifted, inherited or encumbered. The salient features of the Act are as follows-

Trusts vs. Waqf: Muslim-created trusts under other laws will not be treated as Waqf, preserving individual ownership and control.

- Eligibility for Waqf Dedication: Only practicing Muslims for at least 5 years can dedicate property to Waqf.
- Existing Waqf Properties: Already registered properties remain unless disputed or found to be government land.
- Women's Rights: Women must receive their legal inheritance before any Waqf dedication; special provisions apply for widows, divorced women, and orphans.
- Section 40 Removed: Waqf Boards can no longer arbitrarily declare properties as Waqf.
- Dispute Resolution: Waqf Tribunals (judge, state officer, Muslim law expert) decisions can be appealed in High Court within 90 days.
- Govt Land Claims: Only senior officers can examine government land claimed as Waqf.
- Reduced Contributions: Waqf institutions' mandatory board contributions cut from 7% to 5%.
- Audit Rules: Institutions earning over Rs 1 lakh annually must undergo State audits.
- Digital Reforms: A central portal will manage Waqf properties; caretakers must register property details.
- Inclusive Boards: Boards must include 2 non-Muslims and at least 2 Muslim women; representation from key Muslim communities is ensured.
- Limitation Act: Now applicable to Waqf disputes to curb endless litigation.

What was the Need of Waqf (Amendment) Act, 2025?

1. Irrevocability of Waqf Properties
2. Poor Management:
3. Lack of Judicial Oversight
4. Misuse of Powers

The 2025 Act aims to enhance transparency, prevent misuse, and streamline dispute resolution through legal and technological reforms. However, concerns over government control, representation, and property rights must be addressed through dialogue to balance regulatory oversight with community autonomy. The rules for the Waqf (Amendment) Act, 2025 are yet to be released.

Inspiring Education: A Quiz on Swami Vivekanand

स्वामी विवेकानंद की जयंती के उपलक्ष्य में 12 जनवरी 2025 को डा० मधु टंडन बी०एड० संकाय द्वारा "Inspiring Education: A Quiz on Swami Vivekananda" का सफल आयोजन किया गया। यह कार्यक्रम महाविद्यालय की आंतरिक गुणवत्ता आश्वासन प्रकोष्ठ (IQAC) के तत्वावधान में आयोजित किया गया।

इस ऑनलाइन क्विज़ प्रतियोगिता का उद्देश्य विद्यार्थियों को स्वामी विवेकानंद के जीवन, शिक्षाओं और उनके प्रेरणादायी विचारों से परिचित कराना था, जिससे उनके व्यक्तित्व एवं चरित्र निर्माण में सहयोग मिल सके। क्विज़ में कुल 20 वस्तुनिष्ठ (Objective Type) प्रश्न पूछे गए थे, जो स्वामी विवेकानंद के जीवन दर्शन पर आधारित थे।

इस कार्यक्रम में महाविद्यालय की विभिन्न संकायों के कुल 192 छात्रों ने उत्साहपूर्वक प्रतिभाग किया और विवेकानंद जी के विचारों से प्रेरणा प्राप्त की।

इस आयोजन का सफल संचालन बी०एड० समन्वयक एवं IQAC कोऑर्डिनेटर डॉ० मंजरी शुक्ला एवं प्राचार्या प्रोफेसर लालिमा सिंह के कुशल मार्गदर्शन में किया गया।

Celebration of International Women's Day

(8th March- For All Women and Girls: Rights, Equality and Empowerment)

Women's day is a day to celebrate and recognize the essence of womanhood, to accept the identity of woman in society and to aware students and general public towards gendered division of labor, gender stereotypes and prevalent myths in the society. To achieve this, woman cell in collaboration with NSS has organized several competitions, lecture and slum visit.

1. Lecture of Dr. Rashmi Singh (Chairperson, Woman Cell) on the theme, "For All Women and Girls: Rights, Equality and Empowerment". Dr. Singh has delivered a lecture about the history, significance and the theme of international woman's day and motivated girls to question about age-old practices that subordinate position of women in society. In this series, Dr. Sugandh Choudhary has also delivered a lecture to demonstrate the concept of equality among students.
2. Several competitions have been organized under the main theme of "Women Empowerment" like poster competition, English and Hindi poetry competition, rangoli competition and skit competition.
3. A lecture on road safety with special emphasis on female safety has been delivered by Mr. Pawan Kumar Pandey, Traffic inspector Prayagraj to spread awareness among girl students to obey traffic rules and spread awareness about the same.
4. A slum visit has been planned in collaboration with NSS to spread awareness about girls' education and female hygiene. More than 40 girls' students have participated and spread awareness enthusiastically.

Scientific Leadership and Mentorship Programme

On February 15, 2025, S.S. Khanna Girls' Degree College in Prayagraj hosted a highly successful Scientific Leadership and Mentorship Programme, a vital initiative supported by the Department of Science and Technology (DST) under CURIE scheme. The event aimed to elevate the quality and impact of CURIE-funded research, empower faculty and students with advanced research skills through expert guidance, and ensure the successful progression of projects through dedicated mentorship.

The program was thoughtfully divided into two distinct sessions. The first, a scientific session, featured an inspiring keynote address by **Dr. Shashi Bala Singh**, Former DG (Life Sciences) of DRDO & NIPER, Hyderabad, and Emeritus Scientist at the Indian Council of Medical Research. Her talk, titled **"Do not be pushed by problems, Be led by your dreams,"** resonated deeply with the audience. Dr. Singh, serving as both keynote speaker and mentor, shared her extensive leadership experience, guiding students through the various stages of career development and emphasizing the crucial role of science, technology and innovation in contemporary society. She encouraged them to think creatively, explore diverse career paths, and leverage networking opportunities, drawing inspiration from the wisdom of Dr. A.P.J. Abdul Kalam and Venkataraman Ramakrishnan.

The second session involved a lab visit and mentorship interaction. Dr. Shashi Bala Singh toured the Departments of Botany, Zoology, Chemistry, and the Incubation Center, observing the DST-funded instruments and engaging with students conducting practical experiments. Her insightful questions and interactions encouraged students to deepen their understanding of scientific concepts and their practical applications.

Overall, the Scientific Leadership and Mentorship Programme proved to be a resounding success. It provided students with invaluable opportunities to learn from esteemed scientists, gain crucial career insights, and be inspired to pursue science with passion, resilience, and a forward-thinking approach.

Student Council Oath-Taking Ceremony

On 28 February the Student Council Oath-Taking Ceremony was held at S.S. Khanna Girls' Degree College. The Student Council elections had been conducted on 25th January, but due to the Kumbh holidays, the oath-taking ceremony could not take place earlier. Asma Bibi was elected as the President of the Student Council, while Sanja Hameed was elected as the Vice President.
