

National Science Fest (NSF 2022)

Unleash your imagination, combine science with creative arts and life!

February 25-28, 2022

Organized by

Saroj Lalji Mehrotra Science Faculty

**Under Strengthening Component of Star College Scheme
Department of Biotechnology, Govt. of India**

In association with SSK, Institution's Innovation Council (IIC)

Report

National Science Fest (NSF 2022)

Unleash your imagination, combine science with creative arts and life!

February 25-28, 2022

Saroj Lalji Mehrotra Science Faculty
Under Strengthening Component of Star College Scheme
Department of Biotechnology, Govt. of India
In association with SSK, Institution's Innovation Council (IIC)

cordially invite you to

Day 1 (25 February, 2022)

Session 1: Inaugural Session

Chief Guest

Prof. Sangita Srivastava
Hon'ble Vice-Chancellor
University of Allahabad

Guest of Honour

Prof. Yogendra Sharma
Professor & Dean, Faculty Affairs,
JC Bose Fellow,
Indian Institute of Science Education and Research,
Berhampur, Odisha

Programme Schedule

09:45 am-10:00 am	Vandana & Virtual lamp lightning Theme presentation
10:00 am-10:05 am	Welcome Address Prof Lalima Singh ; Principal SSKGDC & President SSK, IIC
10:05 am-10:15 am	Blessings by Chief guest Prof. Sangita Srivastava ; Hon'ble Vice-Chancellor; University of Allahabad
10:20 am-10:25am	Blessings by Guest of Honour Prof. Yogendra Sharma ; Professor & Dean, Faculty Affairs, JC Bose Fellow, Indian Institute of Science Education and Research, Berhampur, Odisha
10:25 am- 10:30 am	Vote of Thanks Dr. Manjari Shukla ; IQAC Coordinator & Vice President; SSK, IIC
<i>Session 2</i>	
11:00 am-12:00	Invited lecture; Professor Yogendra Sharma, IISER, Berhampur
Student's session	
1:00 pm-3:00 pm	Debate Competition: "What's better: traditional or online education?"

Join Zoom Meeting

National Science Fest (NSF 2022)

Day 1 (25 February, 2022)
Session 2

Invited Speaker

Prof Yogendra Sharma
Professor & Dean, Faculty Affairs,
JC Bose Fellow,
Indian Institute of Science Education and Research,
Berhampur, Odisha

Shared his views on :

- ❖ Har Gobind Singh Khorana's work on genetic code and gave an insight on how he came upto this level of thought and, also shared the article written by Professor Thomas P. Sakmar, Rockefeller University, New York to show his dedication and passion towards research work.
- ❖ According to him we are not taught how scientists do research and how they came up with the idea of innovation/ discovery. So, he shared some views on what actually scientists do.
- ❖ He shared the Creative Research Journal, 1995 to show the correlation between Avocations, scientific style, work habits, and professional impact of scientist. From this he concluded that creative skills should not be ignored in order to discover or innovate something.
- ❖ He gave examples of various famous scientists, who were artists, sportsperson, engineer, before they opt to become innovators.
- ❖ He ended his speech by sharing the Arnold Schwarzenegger quote
Work like hell, Break some rule, Don't be afraid to fail

Science teaching has become uninteresting and a dull subject

We teach facts and discoveries, in the fashion as in text books. We do not teach how certain facts and discoveries were made.

"What scientists do has never been the subject of scientific inquiry"

-Peter Medawar, Nobel Laureate 1967

We are not taught how scientists do research

zoom

Some Eminent Scientists Had No Science Degrees

Guglielmo Marconi

A zoologist, science author, and artist; a research associate at the University of Oxford. He focuses on taxonomic illustration and evolution of the mammals of Africa.

Jonathan Kingdon

Unleash your imagination, combine science with creative arts and life!

February 25-28, 2022

Saroj Lalji Mehrotra Science Faculty
Under Strengthening Component of Star College Scheme
Department of Biotechnology, Govt. of India
In association with SSK, Institution's Innovation Council (IIC)

cordially invite you to

Day 2 (26 February, 2022)
Eminent Speakers

Session 3 : 11:15 am-12:15 pm

Session 4 : 12:30 pm-1:30 pm

Prof. Vimal Rarh
Coordinator,
National Resource Centre of Chemistry
Ministry of Education; Govt. of India
Department of Chemistry,
SGTB Khalsa college,
University of Delhi, New Delhi

Prof Mrituanjay D Pandey
Department of Chemistry,
Institute of Science, BHU
Varanasi, UP

Student's session: Student Seminar (2:00 pm-5:00 pm)

- ❖ **Entry Level 1: UG students** with the theme of "Path-breaking Innovations from India for humankind."
- ❖ **Entry Level 2: PG students & Research Scholars** with the theme of "Innovative Idea in Science for Societal Application"

Join Zoom Meeting

National Science Fest (NSF 2022)

Day 2 (26 February, 2022)

Session 4 : 11:15 am-12:15 pm Invited Speaker

Prof. Vimal Rarh

Coordinator,

National Resource Centre of Chemistry
Ministry of Education; Govt. of India
Department of Chemistry,
SGTB Khalsa college,
University of Delhi, New Delhi

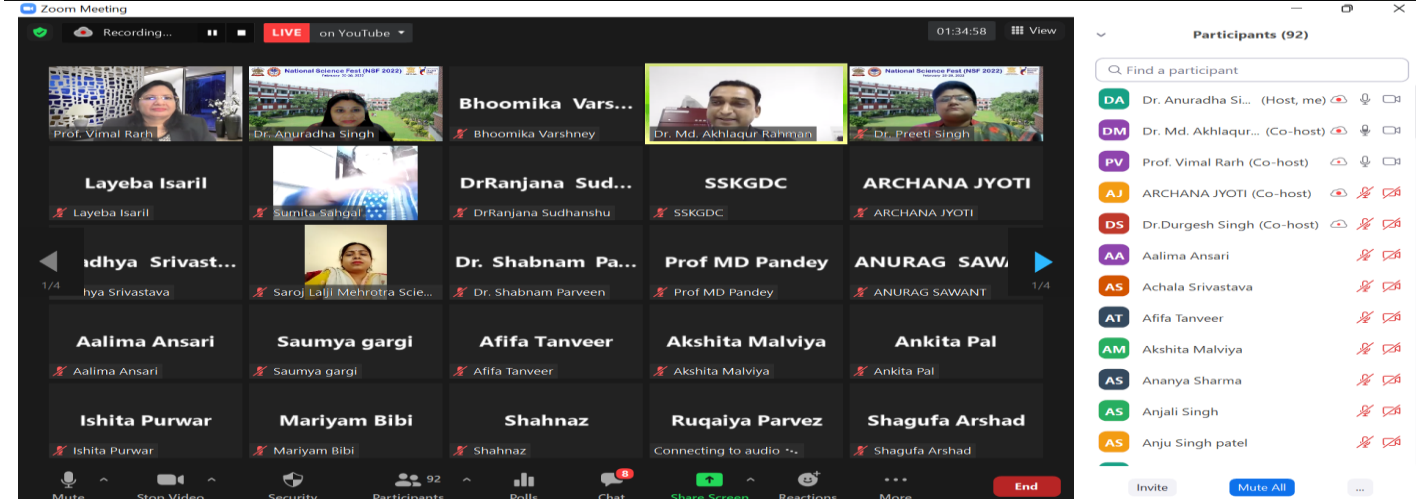

Session coordinator

Dr. Anuradha Singh

Dr. A. Rahman

- **Science Education in the Technology Era** and emphasized on smart learning skills, ethics and values in science
- She discussed about the evolution of education system from ancient period to modern time and impact of technology on education system.
- She emphasized on teaching & student's community to adapt smart learning methods through technology.
- According to her, technology not only empowers teacher and students but also enhance the quality of education system.
- She gave brief information on the quality of e-content OERS, MOOCS and ONLINE COURSES.
- She emphasized on focus of education to shift from rote learning to 21st century skills i.e. Learning skill, Literacy skills, and Life skills to enhance individual potential.

National Science Fest (NSF 2022)

Day 2 (26 February, 2022)

Session 5 : 12:30 pm-1:30 pm

Prof Mrituanjay D Pandey

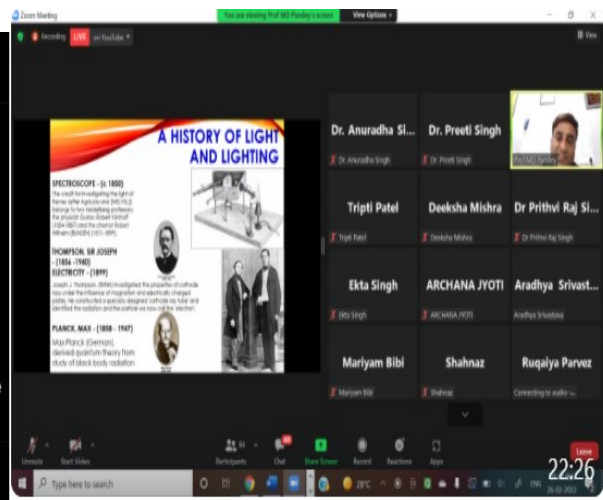

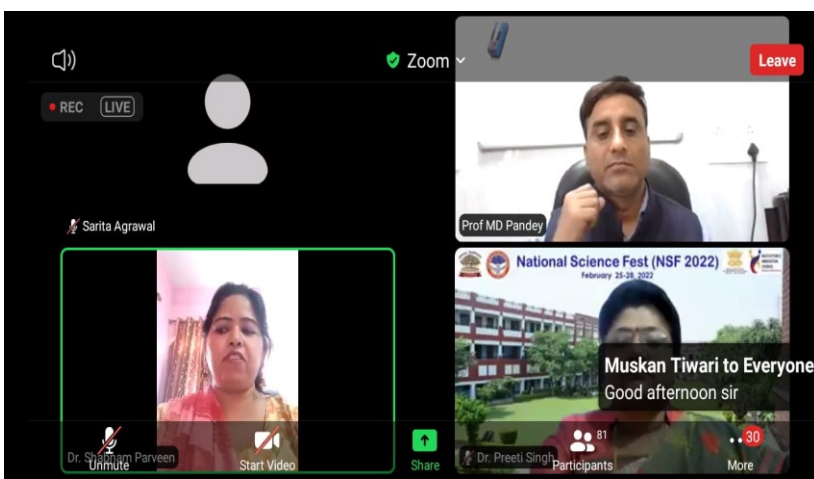

Department of Chemistry,
Institute of Science, BHU
Varanasi, UP

Session coordinator

Dr. Preeti Singh
Dr. Shabnam Parveen

1. Exploring the intersection of science, philosophy and culture through art and design.
2. He gave brief account on UNESCO celebrating the innovation in the science and other field of education yearly.
3. He explained the Mendeleev periodic table and has a future perspective that more number for elements can be founded in coming years.
4. He discussed about the light spectrum.
5. He shared the information of evolution of light from ancestral period till modern era by connecting it with other societal application.
6. He gave the explanation on the utilization of light in solar power, thermal power. And emphasized on light pollution.
7. after sharing his valuable knowledge, he ended up emphasizing on exploring the knowledge w.r.t new educational policy.

National Science Fest (NSF 2022)

Day 2 (26 February, 2022)
Session 6
Student Seminar (2:00 pm-5:00 pm)

❖ **Entry Level 1: UG**
"Path-breaking Innovations from India for humankind."
❖ **Entry Level 2: PG students & Research Scholars**
"Innovative Idea in Science for Societal Application"

Chairpersons
Prof. Shanthy Sundaram,
Coordinator,

- Shared views on science innovation till date and future perspective of better understanding of science by every individual around the world irrespective of language.
- Science behind miracle by Natraj videos demonstrating the experiment was played to motivate the scientific temperament of students.
- At the end he recalled the fundamental duty to create awareness of science among people and we should obey this and it's our responsibility.

चार्ल्स डार्विन (1809-1882)

- अंग्रेज प्रकृतिविद, भूविज्ञानी और जीवविज्ञानी
- HMS बीगल – समुद्री यात्रा (1831-1836)
- Passion of Insect collection – garden story
- Theory of Natural Selection (1838)
- He discussed his ideas with several naturalists

- All species descended over time from common ancestors
- Survival of the fittest (Herbert Spencer; book: Principle of Sociology)

- ❖ Shared views on national science day through the contribution of Sir C.V Raman's work in science field and emphasized on popularization of science through technology.
- ❖ To counter the environmental threats at the global level and limit the phenomena of global warming, we would have to follow proper mitigation and adaptation measures
- ❖ He gave daily examples to popularize science among people for example we can create awareness of not drinking hot coffee or tea in plastic cup and avoid using room fresheners.
- ❖ He discussed about various technologies which are contributing in sustainable development.
- ❖ In the end he emphasized on creating general awareness of science among people to make progressive society.
